# VACUUM BAGS

Our 70-micron plastic vacuum bags are used for vacuum packing food (e.g. meat, fish, cheese and powdered foods).

The quality of our vacuum bags is superior because:

- our vacuum bags allow the product packed inside of it to stay fresh and tasty for a longer period of time;
- our vacuum bags always seal perfectly, providing superior packing efficiency; and
- our vacuum bags stay sealed perfectly air-tight over time.

We keep in stock a wide range of vacuum bags. These sizes are immediately available to you.

Any size, micron or colour can be custom produced, subject to minimum quantities.

Printing on vacuum bags is possible, subject to minimum quantities.

Please call or email us to discuss any questions you have in relation to your vacuum bag needs.

We offer a wide range of high-quality plastic bags to industry and the public. Pricing is excellent and stock of many sizes is immediately available. See table below.

If you require a bag that is not on our stock list, please contact us to tell us the length (in millimetres or centimetres), width (in millimetres or centimetres) and thickness (in microns) of the bag you require.

We will gladly assist you with any custom-made bag and we can quote you on any size or colour. The bag you require will be custom manufactured to excellent quality standards for you in super-quick time.

**We will provide you with a competitive quote very quickly.**

6-colour printing is possible, subject to minimum quantities. Coloured bags can also be manufactured per your specification. You are also welcome to tell us the application of the bag and we will suggest appropriate dimensions and thickness to suit your particular needs. We keep in stock 3 categories of clear plastic bags, being light-duty, medium-duty and heavy-duty plastic bags.

Please call or e-mail us to discuss your specific requirements for clear plastic bags.
